RE: Covid-19 update

---

### November 09, 2020 update

As was shared at the Zoom Resident/Family meeting last week, we were directed by Alberta Health Services requested us to conduct to do an additional round of testing on for staff only. This testing was completed last Thursday, November 5. We were advised on Friday, November 6, that a second floor staff member who was working on 2nd floor, had tested positive. AHS advised us to test all second floor residents which we did over the weekend. Today we were notified that all residents tested negative.

We will be testing staff again at the end of this week. We are awaiting notification from AHS as to whether this additional positive staff case will extend the outbreak we are currently under. Once we know, we will provide an update on the website.

Thank you to all those who participated in the Zoom Resident/Family meeting last Thursday. We appreciate the advice you provided in terms of when we re-open to visitors and how we can encourage everyone to follow the rules.

上週在住客/家屬視象會議上所分享的那樣，我們在亞伯塔省衛生服務部門的指導下要求我們進行針對員工的另一輪測試。該測試在十一月五日星期四完成。十一月六日星期五，我們被告知，一名在二樓工作的護理員測試結果呈陽性。亞省衛生部建議為所有二樓住客進行檢測、我們在週末已完成所有檢測。今天，我們被告知所有住客的檢測結果均為陰性。

我們將在本週末再次檢測所有員工。亦正在等待亞省衛生部的通知，此確診員工會否擴大我們目前正在爆發的疫情。一旦知道，我們將在網站上提供更新。

感謝所有參與上週四的住客/家屬視象會議。在重新開放接納訪客的議題上感謝您所提供的建議及如何鼓勵所有人遵守規則。

Truman Severson, Executive Director  
Chinatown Multi-Level Care Foundation
