RE: Covid-19 update

October 22, 2020 update

Yesterday we completed our second round of COVID-19 testing for all residents. A big thank you to the LPN team who did all of the resident swabbing yesterday. We also had an Alberta Health Services employee on site to assist us with the staff swabbing. We were able to get the majority of staff swabbed and will continue testing over the next few days to accommodate all shifts and schedules. We have been closely monitoring all residents and staff and so far, we have not observed any additional symptoms emerging. Staffing levels remain good and the site is calm and functioning normally. We will update you early next week once we have received tests results back. Thank you for your patience and understanding.

昨天，我們為所有住客完成了第二輪新冠肺炎測試。非常感謝助理護士小組昨天完成了所有住客檢測工作。我們還有一位亞伯塔省衛生服務部門的員工，以協助我們進行員工測試。大多數員工已接受了檢測，因應所有班次及不同的工作時間，在接下來的幾天繼續進行檢測。我們一直密切觀察所有住客和工作人員，到目前為止，我們還沒有發現任何人有症狀。現正有足夠工作人員，及中心日常運作正常及平靜。收到檢測結果後，我們將在下周初更新您的信息。感謝您的耐心和理解。

Truman Severson, Executive Director
Chinatown Multi-Level Care Foundation
