RE: Covid-19 update

November 28, 2020 update

Today, Saturday November 28, we have a total of 32 residents with active COVID-19. Of these, 6 residents are on the third floor, 23 are on the second floor, and 3 are on the main floor.

We had a resident pass away since our last update. Our sympathies to the family and friends of this resident and to the staff who provided care.

Currently, there are 36 staff who have active COVID-19. There are staff who are close to returning pending the completion of their quarantine period and the resolution of remaining symptoms. Our staffing agency partners are working very hard to direct staff to us which we truly appreciate.

We know many of you have tried to call the care centre and unfortunately, we have not been able to keep up on the calls. We are working on some options to try and improve this by mid-week. We appreciate your patience.

Truman Severson, Executive Director
Chinatown Multi-Level Care Foundation
