RE: Covid-19 update

December 14, 2020 update

Since our last report, we have had 3 new positive cases of COVID-19. We are starting to see some residents stabilizing who had previously tested positive.

Over the last 3 days, we moved the residents from the first floor up to the second floor. This allows us to more effectively deploy our staff. We appreciate the residents and families cooperation with this change.

We are grateful to see more of our staff report back to work. With the return of some of the kitchen staff, we are hoping to go back to our regular menu some time this week.

Since our last report, we have not had any residents pass away due to COVID.

Truman Severson, Executive Director
Chinatown Multi-Level Care Foundation
