RE: Covid-19 update

---

**October 2, 2020 Update**

ECCC has received all but 8 results of the COVID tests conducted on residents. All results so far have been negative. Staff tests have also not resulted in any positive results. We have a meeting scheduled with AHS for next Thursday and we will be advised at that time as to whether or not we need to do an additional test.

Unfortunately, that means visits will need to remain on hold until further notice.

Truman Severson, Executive Director  
Chinatown Multi-Level Care Foundation
